

HX 1 FLUORESCENT RING LIGHT

A low cost Fluorescent Ring Light

This is a simple Fluorescent Ring Light with an internal diameter of 63 mm.

and it can be attached to the microscope using 3 screws

Connection mode between light source and light-regulating part: integrated light regulation.

Input Voltage (AC) 100 VAC, 120 VAC or 220/240 VAC

Fits all microscope models.

Technical Specifications:

Voltage	220V/8W
Ring dia.(mm)	63 mm.
Operating Temperature	32 to 104F° (0 to 40C°)
